Hallowell Adjustable Leg Workbenches

Workbench Tops:

Steel Top: heavy 12 gauge steel with no holes on the work surface - withstands hard shop use for years. Will not crack, splinter gouge or absorb oil.
Shop Top: Layered highdensity particleboard offers superior screw holding characteristics. The top and bottom layers are sealed to resist conventional spills. The nonconductive, splinter-proof top is 30 % harder than maple.
Laminated Hardwood Top: Thoroughly seasoned, kiln dried hardwood, face-glued to provide an extremely durable, attractive and long lasting work surface.

Components:

Riser: 12" high x 10" deep shelf above the work surface.
Drawer: 24" deep x 18" wide x 6" high Easily installs under the bench top and can be secured with an optional padlock.
Back And End Stops: A 3" high barrier with rounded front corners.
Lower Shelf: Full width 11 3/16" deep.
Stringer: Required for lateral stability and acts like a stop for a second bottom shelf.
Adjustable Legs: allows for easy adjustment of height and provide stability.
