Lateral-Depth Bookcases

- Special lateral-depth bookcases (“BKLDs”) are designed for use next to adjacent lateral files, 18” deep storage cabinets, and (when used under a work surface) work surface supporting pedestal files.
- The main body of a BKLD is 17-¹/₈” deep, the same as the body on a lateral file or 18” deep storage cabinet.
- BKLDs have special 18” deep tops that overhang the main body of the bookcase. These 18” deep tops allow BKLDs to align with adjacent lateral files, storage cabinets or pedestal files – see photo below.
- For use on a stand-alone basis, BKLDs may be ordered with a 17-¹/₈” deep top that does not overhang the front of the bookcase.
- See page 27 for information on 1.5-high lateral-depth bookcases.

Open Plan Lateral Files and Bookcases on Legs or Casters

Open Plan cabinets provide a contemporary alternative to standard 1.5h lateral files and bookcases.

Open Plan cabinets do not include a finished steel top. Rather, these cabinets are designed to be ganged together under a common top. Steel tops are available – see page 31 for details.

For ease of installation, all Open Plan cabinets come standard with re-closable fasteners on the top, thus eliminating the need for pre-drilled work surfaces.

Open Plan cabinets are available with two different leg styles: Square and Round.

Square Leg
textured silver finish

Round Leg
brushed stainless steel finish

To facilitate design flexibility, Open Plan cabinets and legs are ordered separately. For a stand-alone Open Plan cabinet, four legs are required. Where two Open Plan cabinets are placed side-by-side to make a credenza, however, only six legs are needed. The middle two legs can be used to gang the cabinets together as illustrated below. This provides a significant cost savings compared to using eight legs to make a credenza.

IMPORTANT: Open Plan cabinets are designed to be used with legs or casters. Open Plan cabinets will not function properly if placed directly onto a floor without any supporting legs or casters.

* **Note Regarding H-Leg Depths and Work Surfaces:** The H-Leg depths shown above are based on the outside edges of the vertical tubes. The top plates are centered on the tubes and thus add approximately 4” to the overall depths. For example, an H-LEG27H17D has an overall depth of 17” based on the outside edges of the vertical tube, but that depth grows to just under 21” when measured from the outside edges of the two top plates. For this reason, the depth of the work surface must be at least 4” greater than the chosen H-Leg. For example, an H-LEG27H17D must be used with a work surface that is at least 21” deep.

Desks with Two Legs

When building a desk with a modesty panel and two legs, each leg will be inset from the work surface by 1-1/8" on each end. Modesty panels are designed to screw directly into the desk legs using # 10 self-drilling screws (not included).

Desks with One Leg and One Work Surface Support Ped

When building a desk with a modesty panel that connects a pedestal file to a leg, the pedestal file will be inset from the end of the work surface by 1/4". The leg will be inset from the end by 1".

From front-to-back, the leg will be inset 1/2" on each side, as shown below. The pedestal file will be set back 1/2" from the front of the work surface. Modesty panels are designed to screw directly into both the desk legs and pedestal files using # 10 self-drilling screws (not included).

IMPORTANT: The key ranges shown above designate the range of possible key numbers. HLF Furniture does not guarantee the availability of all potential key numbers within the ranges.

Core and Key-Only Orders

HLF Furniture provides a broad range of lock options to facilitate its sales of filing and storage products. HLF Furniture does not stock locks to sell keys and cores on a stand-alone basis. Accordingly, the following rules apply to any order for lock cores and keys that is not made simultaneously with an order for filing and storage cabinets:

- **Right to Decline Order:** HLF Furniture may, in its sole discretion, decline a stand-alone order for lock cores and keys that would deplete its inventory.
- **Small Order Handling Fee:** A \$50 list net processing fee will apply to any stand-alone order for lock cores and keys (including core change keys and master keys) with a total list value of less than \$460.

Keyed-Alike Lock Cores for Field Installation

To order keyed-alike products:

- Clearly state “**PULL CORES**” in the description on your purchase order for any items you wish to have keyed-alike, and
- Order the lock core/ key sets as separate line items on your purchase order**, using the product codes on the prior page. (See below for an example.) HLF Furniture will select key numbers to satisfy this request from the key number ranges shown on the prior page.

The keyed-alike lock core/key sets will be packaged separately for field installation. HLF Furniture does not maintain historical records as to what key numbers are provided.

There is no additional charge for key-alike requests, provided that (a) the key-alike request is made in conjunction with the original purchase order, and (b) the number of core/key sets ordered does not exceed the number of locks in the cabinets ordered.

The list price for additional lock core/key sets is **\$90/set**.

Keyed-alike lock core/key sets can be specified as follows:

- Determine the number of keyed-alike locks in each workstation on the project.
- Group together the workstations with a like number of locks – for example, 10 workstations with 2 locks per station, 5 workstations with 3 locks per station and 1 workstation with 4 locks.
- For each grouping, enter the number of workstations in the quantity column of the purchase order, followed by the part number for the appropriate lock series. Then add a suffix to that product number for the quantity of keyed-alike locks in that group. For example, to order the lock groupings from Step B with UM Black locks, the purchase order would read as follows:

Qty	Part #	Description	Price Per Unit	Extended Price
10	UMLKCORES 2	Set of 2 UM Black keyed-alike cores/keys	no charge	no charge
5	UMLKCORES 3	Set of 3 UM Black keyed-alike cores/keys	no charge	no charge
1	UMLKCORES 4	Set of 4 UM Black keyed-alike cores/keys	no charge	no charge

TERMS OF SALE

Pricing and Freight: Unless indicated otherwise, all prices quoted in this catalog are list prices, before any applicable discounts. Freight expenses are handled on a case-by-case basis.

Shipping Costs – Accessories: When ordered on a stand-alone basis (*i.e.*, not in conjunction with an order of casegoods), shipping and handling costs will be charged to the purchaser for all orders of accessories.

Order Placement: Email a PO to info@hlffurniture.com

Order Acknowledgement: Once a job has been put into a production schedule, order acknowledgements will be issued via e-mail. Please contact HLF Furniture immediately if you do not receive an order acknowledgement by the end of the third business day after submission of your order, as your order may not have been received. *Please carefully review your order acknowledgement for any errors or omissions.*

Lead Times: Your order acknowledgement will show a date by which your order will be ready to ship. Lead times will be dependent upon order size, product mix, and time of year. Lead times are typically longer in the summer and around holidays. HLF Furniture will not be liable for any losses or damages resulting from longer lead times, nor will a longer lead time entitle the purchaser to a right of cancellation.

Changes and Cancellations: Purchase orders may not be cancelled after issuance of an order acknowledgement. In the event of a requested change or correction, the purchaser may be required to pay an additional cancellation or re-processing fee. HLF Furniture may, at its discretion, determine the amount of any such fee on a case-by-case basis.

Shipping Terms: HLF Furniture's shipping terms are FOB origin. This means that the buyer takes title to the goods (and is responsible for the goods) once they leave HLF Furniture's premises. HLF Furniture is not responsible for freight damage caused by a non-HLF Furniture carrier.

Freight Delivery Times / Special Requests: In instances where HLF Furniture is responsible for freight expenses, HLF Furniture will provide free freight to a single destination in the continental United States, for delivery during normal business hours to a commercial dock. Normal business hours for most freight carriers are between 7:30 a.m. and 3:30 p.m. To the extent possible HLF Furniture will work with the chosen freight carrier to accommodate special shipping or delivery requests, such as sidewalk deliveries or weekend and late-night deliveries. Please be aware that the purchaser is responsible for any additional costs/charges incurred by HLF Furniture as a result of such special shipping and delivery requests.

Please also be aware that a freight carrier may charge a penalty if a purchaser is not ready to accept delivery at the scheduled and allotted time. Any additional charges/penalties incurred by HLF Furniture as a result of a purchaser delay are the responsibility of the purchaser and will be passed along to the purchaser.

Freight Damage Claims: It is the buyer's responsibility to inspect goods thoroughly for apparent damage before accepting shipment. Please do not refuse shipment. Rather, if there is any apparent damage to the unit or packaging, please clearly note that damage (in specific detail) on the bill of lading when accepting delivery. Failure to note apparent damage on the bill of lading or another shipment document may prevent the purchaser and HLF Furniture from successfully pursuing a freight damage claim.

Please contact HLF Furniture immediately in the event of apparent shipping damage, or in the event of damage discovered upon unpacking the product. As noted above, HLF Furniture is not responsible for freight damage caused by a non-HLF Furniture carrier. HLF Furniture will, however, file a damage claim with the carrier on your behalf.

Carriers often impose rigid timelines for making a freight damage claim. Accordingly, failure to inspect the package upon receipt and/or failure to contact HLF Furniture immediately upon discovering freight damage may prevent the purchaser and HLF Furniture from successfully pursuing a freight damage claim.

To pursue a claim, it also will be necessary for the purchaser to retain the original packaging and possibly provide pictures of the damaged part(s) and packaging. Failure to retain the packaging also may prevent the purchaser and HLF Furniture from successfully pursuing a freight damage claim.

In no circumstance may a buyer make a deduction for freight damage when paying a HLF Furniture invoice.

Invoicing and Payment Terms: Orders are invoiced at the time of shipment. Invoices are due within terms of the invoice date. Invoices unpaid after terms of invoice date are subject to a late charge of 2% per month on the unpaid balance. The calculation of this late charge begins on the 31st day from the invoice date. At HLF Furniture’s discretion, customers with unpaid (delinquent) balances may be placed on credit hold. HLF Furniture reserves the right to adopt different payment terms with particular customers on a case-by-case basis.

Taxes: HLF Furniture’s prices do not include taxes, and all sales, use, and other applicable taxes are the sole responsibility of the purchaser.

Warranty – Filing & Storage and Table Legs: HLF Furniture warrants that its products will be free from defects in material and workmanship for the life of the products. HLF Furniture, as its sole obligation, will repair or replace (at its option) any product, part or component which fails under normal use as a result of such a defect in material or workmanship. This warranty extends only to original purchasers who acquire new product directly from HLF Furniture or its authorized resellers. This warranty is void if the original purchaser transfers or sells the product.

This warranty does not cover damage resulting from ordinary wear and tear, including paint finish changes and/or discoloration resulting from aging or exposure to light. In addition, this warranty does not cover damage resulting from improper installation or use of a product, and any material modification to the original product voids this warranty.

This warranty does not cover other manufacturers' products sold through HLF Furniture. Rather, supplier warranties will apply to products not manufactured by HLF Furniture.

Warranty – Height Adjustable Table Bases:

- Two years on electronic components such as control boxes, hand switches, and motors
- Five years on mechanical components, such as crank drives and spindles
- Ten years on structural components, such as beams, feet and top supports

TO THE EXTENT ALLOWED BY LAW, ANY IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED.

This warranty does not cover, and HLF Furniture shall not be liable for, incidental damages such as loss of time, loss of use, or inconvenience. In addition, this warranty does not cover, and HLF Furniture shall not be liable for, any consequential damages (*e.g.*, the cost of fixing other property) caused by its products.

This warranty gives the purchaser specific legal rights. Purchasers may have other rights which vary from state to state or province to province.

SPECIFICATIONS

** \$75 Shipping Surcharge per Butcher Block Order.

** The 1.75" Industrial Tops have a more rustic look with more butt joints and character than the 1.5" thick tops.

MATERIAL

Solid Wood, Clear Pre-finished

All Butcher Block Tops are natural, solid wood electronically bonded together utilizing controlled pressure and resin adhesives, accurately planed, sanded, and finished with DuraKryl 102 coating. This tough, non-toxic coating will repel alcohol, bleach, even paint thinner. And best of all, after years of hard wear and tear, without any special tools or particular skill, you can resurface or repair your tops and make them look like new again.
