Board Policy

Administrative Councils, Cabinets, and Committees

The Board authorizes the Chief Operating Officer to establish such permanent or temporary councils, cabinets, and committees as are necessary for proper administration of Board policies and for the improvement of the total Eastern Suffolk BOCES program.

All councils, cabinets, and committees created by the Chief Operating Officer shall be for the purpose of obtaining, to a maximum degree, the advice and counsel of administrative, supervisory, and other personnel and to aid in communication. Functioning in an advisory capacity, such groups may make recommendations for submission to the Board through the District Superintendent, Chief Operating Officer, or designee. Such groups shall exercise no inherent authority. Authority for establishing policy remains with the Board, and authority for implementing policy remains with the District Superintendent, Chief Operating Officer, or designee.

The membership, composition, and responsibilities of administrative councils, cabinets, and committees shall be defined by the Chief Operating Officer and may be changed at his/her discretion.
