Our cable hi-hat systems have long been known as the most smooth and responsive in the industry. Our cable hi-hat systems have long been known as the most smooth and responsive in the industry. All of the heavy-duty features associated with the 9000 Series line of hardware, like heavy-duty casters and the 9000 Series are DW's most advanced cymbal stands, used by more top professionals than any other. The 9700 XL is just that, an extra-large version of our popular 9700 convertible straight/boom stand. With the ultra beefy 9701 boom cymbal stand you'll be relying on a rock-solid low-ride boom stand. The 9702 Dual Cymbal Multi-Stand is yet another innovation designed to give drummers virtually unlimited cymbal options. With the ultra beefy 9710 straight cymbal stand you'll be relying on a cymbal stand used by many professionals. Small drum risers sometimes call for unique solutions. That's why we designed the versatile 9711. Your drum mounting hardware has to do two things really well: firmly hold up your drums and provide easy access. Adjusting your rack toms just got easier. With advancements in drum manufacturing and hardware, this double tom stand is heavy duty and mounts directly to your bass drum. Made from heavy gauge

This double tom stand is heavy duty and mounts directly to your bass drum. Made from heavy gauge

Featuring a unique patented design, the 9909 Bass Drum/Percussion Lifter can hold a variety of drums. Your drum mounting hardware has to do two things really well: hold up your drums and put them away. This single tom stand is heavy duty and ready for the road. Made from heavy-gauge tubing with a heavy-duty base. This single tom stand is heavy duty and mounts directly to your bass drum. Made from heavy gauge
