

Board Policy

Closing of Facilities

Eastern Suffolk BOCES facilities may be closed because of inclement weather, contagious disease, or other emergencies. The District Superintendent, Chief Operating Officer, or designee is authorized to make this decision for the health, welfare, and safety of students and ESBOCES employees. Whenever possible, ample notice will be given to parents, students, and employees using telephone, radio, television, and any other appropriate form of communication.

The District Superintendent, Chief Operating Officer, or designee is also empowered to close ESBOCES offices and other non-student-related services when in his/her sole discretion conditions warrant the closing.
