

Board Policy

Public Complaints

Complaints regarding any facet of the Eastern Suffolk BOCES operation often can be handled more satisfactorily by those closest to the source of the complaint. In most instances, therefore, complaints will be made to an employee, teacher, or the administrator in charge.

If the complaint and related concerns are not resolved at this level, the complaint may be carried to the Director, Manager, and/or designee. If the complaint and related concerns are not resolved at the Director/Manager level, the complaint may be carried to the District Superintendent or Chief Operating Officer.

If the complaint is not resolved with the District Superintendent or Chief Operating Officer, the complainant has the right to come before the Board in accordance with Board Policy 2220.
