

Board Policy

Evaluation of Instructional Programs and Services

Appropriate means for the evaluation of Eastern Suffolk BOCES programs and services shall be developed and maintained. Elements of such evaluation may include:

1. specially designed evaluation instruments to be used by administrators and employees in local districts and others to evaluate phases of ESBOCES operations;
2. utilization of NYS Education Department services, participation in regional studies, and contracted evaluation services;
3. testing programs designed to measure student achievement; and
4. follow-up studies of students who have been trained in ESBOCES programs.

Evaluation of the various programs and services shall be the basis on which ESBOCES plans for the future to meet the needs of school districts in the area.
